

# Colwood **MODEL 'B'** GARDEN TRACTOR

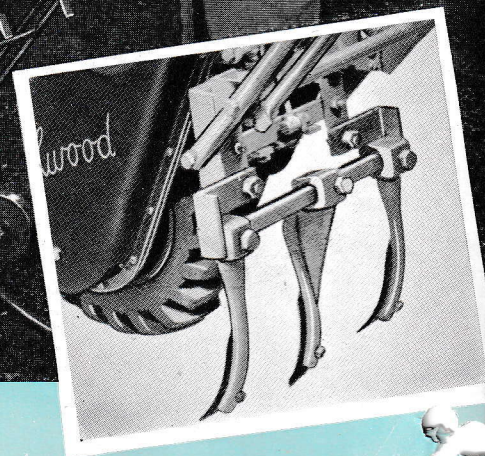

## SHOWING THE LIQUID SPRAYING EQUIPMENT IN ACTION

Every year, more and more Market Gardeners, Smallholders, Nursermen and private individuals who have a minimum of  $\frac{1}{2}$  acre under cultivation, demand the Colwood. Why? Because the price is right, the workmanship and material are of the best, while the machine itself is so well balanced and manoeuvrable, so easy to handle and so narrow in width, that it is the ideal machine for all light tasks on intensively cultivated ground. To-day the Colwood is a still more attractive proposition, as the illustrations overleaf show. If, therefore, you want to take the "push" out of hoeing, saving time, money and labour, where previously you used hand tools, cash in on a Colwood.

The Colwood can be safely worked down a 12-in. row, irrespective of the height of the plants. Whether it is lettuce, carrots, dahlias or delphiniums, if you can walk the rows, the Colwood will control the weeds.

Changing the "Colwood" implements is a simple job, requiring only one spanner.

### SPECIFICATION

Engine	...	1.2 h.p. governor-controlled 4-stroke Villiers Mk. 10.
Starting	...	Lever.
Gearbox	...	Two forward speeds giving a speed range of $1\frac{1}{2}$ to $2\frac{1}{2}$ m.p.h. approx.
Transmission	...	Roller Chains totally enclosed.
Drive Wheel	...	14" x 3" Pneumatic or special 14" x 4" Steel Wheel.
Length	...	Overall, 57".
Height	...	(Handlebars at normal, and machine resting on hoe blades) 32".
Width	...	Overall (with plant guards fitted), 13"—below frame (less guards) 9".

### OUTSTANDING FEATURES

- Governor-controlled Villiers 4-stroke petrol engine.
- Pneumatic (14" x 3") with tractor tread supplied, unless the machine is specially ordered fitted with interchangeable steel wheel (14" x 4" with 1" cleats).
- Lever starting with specially designed 2-speed "Dashwood-Albion" gear-box giving a speed range of  $1\frac{1}{2}$  to  $2\frac{1}{2}$  m.p.h. approx.
- Totally enclosed roller chain drive.
- Plant guards to protect flowers and shrubs.
